

THE LATIMER PRIMARY SCHOOL

Celebrating Learning

February 2019

Developing Responsibility; Caring about Achievement

Dear Parents and Carers,

Let's find out what's been happening at Latimer during February. It may be the shortest month of the year but we have certainly managed to pack it full of fun and learning.

We hope you enjoy these snippets and pictures and as ever, we couldn't cover everything on our monthly newsletter so please do head over to our Twitter page where there is even more to see! Check out [@latimerprimary](https://twitter.com/latimerprimary) for more information.

Everyone took part in Safer Internet Week, at the start of February. The children participated in activities in their classes and also had a whole school assembly. The children showed great enthusiasm and understanding and there were some really wonderful discussions going on around the school. Here at Latimer we take safety online incredibly serious, we all know that being unkind or unsafe online is never ok.

Our lunch time Board Game Club (ran by the school council) is going from strength to strength! The children get to try a variety of board games and enjoy playing with new friends. What a lovely way to spend a lunch time! Children wanting to take part should speak to one of our wonderful School Council members for more information!

Our footballers have been playing some amazing, positive football where in the last round of Champions League fixtures they have totted up one win, two draws and just one defeat! Well done The Blues!

Class SM have been enjoying investigating classroom materials are magnetic or non-magnetic.

Class AF have also been conducting their own experiments this month! They have been predicting, observing and then writing their own conclusions about the four stages of the Water Cycle.

Our Year 6s enjoyed celebrating Chinese New Year earlier on in the month by making their very own stir-fry and EYFS by making their own spring rolls! Some of the children really stepped out of their comfort zone by trying new flavours! Well done everyone!

Class KB also got into the spirit of celebrating Chinese New Year by making their own Chinese dragons!

Classes VC and AB have been enjoying using some new thesauruses and also using dictionaries to edit their work– these Well done year 2! Editing work is such a useful skill.

The dictionaries and thesauruses were purchased using money raised from our book fair. This returns for World Book Day next week. Please look out for it and help us raise funds for more great books in school.

Class CJ have enjoyed writing an exciting diary entry for King Arthur in the 'CJ Writing Studio'!

Class ER have been using bar modelling to represent two decimal parts of a whole number and year 2 have been busy learning how to add by using column addition.
